

## Trusted Assessor Training

DLF's Trusted Assessor Training is a practical hands-on 2-day OCN-accredited training course using equipment. Nationally accredited by the Open College Network, the course provides training for community staff in the assessment, fitting and use of daily living equipment. Accredited staff are able to work with the public to assess and recommend suitable equipment enabling more people to live independently.

Training can take place at one of our open courses which run regularly at our training centre in Wandsworth, London or by arrangement at a location suitable to you.

Students typically come from a range of job roles including handymen, OT assistants, customer services staff, reablement teams, housing services staff, domiciliary care, residential care and third sector staff and the course has been running successfully for over twenty years.

We offer courses at both levels 2 and 3. For more details please call us on 020 7432 8010.

- ▶ Nationally accredited course
- ▶ Two days of practical training using the latest equipment
- ▶ The course combines hands-on, written tasks and formal assessment
- ▶ Over twenty years of experience delivering the course
- ▶ Open and tailored options

The course can be tailored to your specific requirements, talk to us to find out more about customising the course for you.
